

Why Leave Your Risk Assessments To Chance?

CheckedSafe

Dynamic Risk Assessment

- Quick and effective risk assessment reporting with photographic evidence as a tag.
- Date, time and GPS stamped.
- Each check is time tagged providing 100% proof that the check has been done and time taken, this CANNOT be manipulated.
- Templates, which can be tailored to your sector.
- Add risks through the day tagging them with photos.
- All reported data available in real time.
- All data stored securely (even in Low signal area data stored until signal allows upload even then the tag is accurate as its tagged by GPS).
- Intelligent analytic Reporting.
- Reduce your corporate manslaughter liability.

Why Use CheckedSafe Risk Assessment?

HSE and local authorities are responsible for enforcing health and safety legislation. Each has a range of tools at their disposal in seeking to secure compliance with the law and ensure a proportionate response to offences. For more serious offences, inspectors may serve improvement notices and prohibition notices and they may prosecute (or in Scotland, report to the Procurator Fiscal with a view to prosecution).

It is a requirement for your liability insurance for full and proper risk assessments to be carried out. CheckedSafe provides full and accurate data to satisfy such requirements.

Latest figures for 2013/14 show:

- HSE prosecuted 582 cases, with at least one conviction secured in 547 cases (94%).
- Local authorities prosecuted 92 cases, with at least one conviction achieved in 89 cases (97%).
- 13 790 notices were issued by HSE and local authorities.

Did you know that in the UK alone:

- 1.2 million working people suffering from a work-related illness.
- 2,538 mesothelioma deaths due to past Asbestos exposures (2013).
- 142 workers killed at work (2014/15).
- 78,000 other injuries to employees reported under RIDDOR.
- 629,000 injuries at work (source=the Labour Force Survey)
- 28.2 million working days lost due to work related illness and workplace injury.
- £14.2 billion estimated cost of injuries and ill health from current working conditions (2012/13).

For as little as a £1 a week, can you really afford not to use CheckedSafe?
